PM-MOUNT-6DOWN

STAINLESS

Adapts Support Arm to Poles 2-6” in Diameter

PoleStar®

When the pole or column does not offer an adequate way to attach safety cables, specify the PM-Safety6DSS and corresponding band kit. This mount provides a structural method for anchoring safety cables. It installs above the pole adapter and safety cables are then secured to the safety anchor and each loudspeaker, thus by-passing the pole adapter completely.

STANDARD FEATURES:

- Mounts PM-SA-24 to poles
- All stainless steel constructio
- Load rated components
- Components use common hole patterns
- Cosmetic trim components included
- Job-site ready

OPTIONAL ACCESSORIES:

- See next page

SPECIFICATIONS:

Material: Stainless Steel

Finish: Passivated

Color: Silver

WLL: 300 lb / 136.078

**WLL = Working Load Limit*

PACKAGE CONTENTS:

1 pc: Mount Bracket

1 pc: Hardware kit.

MATES WITH:

PM-BAND-20S

MADE IN USA

Rated for outdoor use.

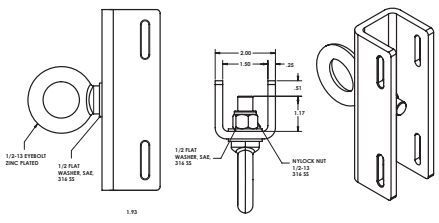
SAFETY ANCHOR / PM-SAFETY-6DSS:

When the pole or column does not offer an adequate way to attach safety cables, specify the PM-Safety-6DSS and corresponding band kit. This mount provides a structural method for anchoring safety cables. It installs above the pole adapter and safety cables are then secured to the safety anchor and each loudspeaker, thus by-passing the pole adapter completely.



SUPPORT ARM / PM-SA-24:

The PM Series Support Arm is produced from rugged structural stainless steel in a natural finish and supports the stated working load of the selected pole adapter. Three different mounting holes allow for placement relative to the pole to allow clearance for tilt rotation. Decorative hole covers provide a finished look and hardware is included to secure Yoke and U-Bracket style mounts.
