

PM-SA-24

OUTDOOR SUPPORT ARM

STAINLESS

PoleStar®

The PM Series support arm is produced from rugged structural stainless steel in a natural finish and supports the stated working load of the selected pole adapter. Three different mounting holes allow for placement, relative to the pole to allow clearance for tilt rotation.

Decorative hole covers provide a finished look and hardware is included to secure Yoke and U-Bracket style mounts.

STANDARD FEATURES:

- ▶ Mounts to PM-SA-24
- ▶ Mounts to round surfaces including poles and columns (must use 6UP for round poles)
- ▶ All stainless steel construction
- ▶ Load rated components
- ▶ Components use common hole patterns
- ▶ Cosmetic trim components included
- ▶ Job-site ready
- ▶ Mounts to flat surfaces, walls, press boxes, square poles and round poles with the use of the PM-MOUNT-6UP.

OPTIONAL ACCESSORIES:

- ▶ PM-Safety-6DSS
- ▶ See Safety Cables data sheet

SPECIFICATIONS:

Material: Stainless Steel

Finish: Passivated

Color: Silver

WLL: 300 lb / 136 Kg*

*WLL = Working Load Limit

Weight must be distributed at both ends evenly

Rated for outdoor use.

ALWAYS INSTALL SAFETY CABLES

WARNING: Mounting and/or suspension of audio and video equipment requires experienced professionals. Improperly installed loudspeakers can result in property damage, personal injury and/or liability to the installing contractor.

BAND STRAP KITS:

Four different length permanent band kits are available for the PM-Mount- 6UP and - 6DOWN. Standard stock lengths include 20", 30" and 90". Choose from the PM-Band-20, PM-Band-30, PM-Band-60 and PM-Band-90. Each kit contains 2 assemblies. These kits, when used per instructions will support the stated working load of the selected pole adapter.

Model	Length	Width	Max Dia.	WLL	Weight
PM-Band-20S	20"/50.8cm	.50/13mm	6"/152mm	150 / 68kg	.7 lb. / .32 kg
PM-Band-30	30"/76.2cm	.75/19mm	6"/152mm	300 / 136kg	1.5 lb. / 0.7 kg
PM-Band-90	90"/228.6mm	.75/19mm	25"/635mm	300 / 136kg	2.5 lb. / 1.1 kg

SAFETY ANCHOR / PM-Safety-6DDS:

When the pole or column does not offer an adequate way to attach safety cables, specify the PM-Safety-6DSS and corresponding band kit. This mount provides a structural method for anchoring safety cables. It installs above the pole adapter and safety cables are then secured to the safety anchor and each loudspeaker, thus by-passing the pole adapter completely.

DUAL ADAPTER / PM-DA-48:

The Dual Adapter is an innovative way to mount and aim two loudspeakers and other objects (of equal weight and mass) from the same Pole or column. A variety of available mounting holes permit speakers to be installed closer or further from the pole to provide clearance for different down tilt angles. The Dual Adapter is produced from stainless steel in hardware is included to secure it to the pole adapter and/or support arm. Yokes and U-Brackets are not included.

POLE ADAPTER / PM-MOUNT-6DOWN:

2 - 3/8" - 6" Diameter & Larger

Designed for 6"/154mm down to 2- 3/8" diameter poles and columns. This all-stainless mount with natural finish supports up to 150 lb./68 Kg, in a vertical load with a 5:1 design factor. It accommodates the PM Series Support Arm and comes with hardware to mount the support arm to the pole adapter. There are four standard permanent band kits available in different lengths and are sold separately. Custom lengths are also available.

POLE ADAPTER / PM-MOUNT-6UP:

6" Diameter & Larger

For 6"/154mm diameter and larger poles and columns, use the PM-Mount6UP. This all-stainless adapter offers a natural finish and supports up to 300 lb./68 Kg, in a vertical load with a 5:1 design factor. It accommodates the PM Series Support Arm, Dual Adapter and includes hardware for their attachment. There are four standard permanent band kits available in different lengths and are sold separately. Custom lengths are also available.
